FREEING HUEY

HERE'S HOW TO DO IT

by Steve Albert

Huey Newton has a good chance of getting out on bail if ten thousand people show up at the Federal Building at 10 AM on May 1st. There is going to be a bail hearing conducted by Judge Alvin Karpis and for once the state is on the defensive.

Federal Judge Karpis has stepped the Black office with a "show cause" order as to why Huey Newton should not be granted his constitutional right to bail.

The long hard battle of the Black Panther Party and lawyer Charles A. Garry may be on the verge of at least partial victory.

"It is absolutely crucial that between 10 and 20 thousand people show up outside the Federal Building during the hearing," Chairman Bobby Seale rapped passionately to the BPP.

"We have got to show Judge Karpis that there is massive community support for freeing Huey

Seale," Seale went on. "A huge rally will counter the racist pressure to keep Huey in."

The rally will go on for several hours, featuring authors Kathleen Cleaver, Bobby Seale and David Hilliard, as well as Kelly Brown, Ben Delmon, Charles R. Garry, Tony Nguyen, and speakers from the Mexican and Chinese community. There will be various kinds of entertainment.

"People at the rally should say and do what they want," Seale stated. "We will have speakers on every corner and on open microphone." Seale continued, "If the pigs mess with the rally the Black Panther Party will show them."

Seale had downed of this black man standing around his cell gun in hand and calling on the prisoners of Folsom and Attica to blast their madness into the pages of a new history book. Here was Huey Newton flesh in the dream. A few days later Cleaver was Minister of Information of the Black Panther, and the Black Panther Party realized this was a million times more than a new living black intellectual who wrote a best-selling gulf book.

David Hilliard is the number two man in the Black Panther Party. He has been hanging out with Huey since they were kids in the sixth grade. When Huey founded the Panthers he talked David into being Secretary of the Party. Hilliard is a self-taught, very tough-as-forged-iron whose most important dictionary is Huey P. Newton.

The strength of Huey's inspiration is the truth of the Party's survival and growth under pig guns and Newton trapped in prison. A political leader's greatness is not found in the number of men who will ever so dumbly take orders from his right leg in the Southern and later to breathe to life who think with their own minds and create the revolution when he is not around. Huey's greatness has not been locked up in his last days. It serves one thousand free prisoners for millions every morning and pulls the trigger when the Black Panther Party takes target practice.

I once spent three hours rapping with Huey in the hallway's end of the Alameda County Courthouse. It was hard for me not to flap out of my skin with joy at just being with him. I couldn't believe that this man who passionately loved his people and seemed all gentle was the man who pointed the first of decency into all the patrol cars of Oakland.

Huey Newton understood the BPP. I was running down to him about the racist white culture; revolution almost before the words were out of my mouth, the day it all but with up from criticism. Huey thinks we have to develop a program and organization that can pull our trip together without drowning it. He thought the Yippies were wild and beautiful but could they take care of themselves in the fascist shit storm known in the White House called?

There are other orders to defend it.

"We have a precedent," Bobby concluded, "Judge Thelma Robinson (Judge) (Judge) and if we have a huge anti-blowing turnout at the rally I think we can get Huey out."

The thought that Huey might be making the West Oakland street again from five hundred miles ahead of any hope that ever seemed possible. It's almost as if Newton's first name was "Free Huey" and the only environment that reality would allow him to live in.

Huey Newton is a man who turns other men into giants. He founded the Black Panther Party as a man and recruited Bobby Seale to his side. Bobby was an actor, a man on the stage playing parts. Huey told Bobby to get off the stage and live the life of his revolutionary dreams.

Kathleen Cleaver met Huey on his trip to the magazine. Huey and the Panthers were guarding the wife of Malcolm X visiting San Francisco. When a piglet-mouthed the Panthers, Huey told him to put his gun where his mouth was or shut up. The pig tried to back off gracefully but he only asked like the court jester of Animal Farm.

Healing and the vanguard role because it was entered in battle and blood, death and torture, while serving the people. Jailings which come from unfair court trials, all of which the people have suffered. Huey P. Newton knows, and all the Black Panther Party knows as well as the people, simply because Party members are the same and no different from the people. We all know about 'Dunbar', Tommy, Steve, John Higgins and others who have been murdered at the hands of the pigs.

The ruling class pigs, first murdered 'Lil' Bobby, Huey P. Newton sent a message from the Courts (all to the Party and the people before his trial and this message was "A tribute to 'Lil' Bobby."

A democratic dictatorship by the proletarian class the people who the Black Panther Party members come from is the real reason for the Party. The power structure, that is, the ruling class who is the real minority are against the people. The wealthy (greedy) businessmen, the damage (lying) politicians, and the PIG (police, national guardmen, sheriffs, navy, army, paratroopers, FBI agents, CIA-invasion impossible) pigs, and local under-cover agents and black hood-licking anti-thugs from the slither politicians to the murdering rings (Ron Karens) must be removed by the people. When we are trumped up charges made against the 'Lil' Panthers in New York, we see the structure in Nixon's America trying to destroy the people's Party, that's serving the people even with our lives, we see clearly that this must stop. When we see white people of the people's protest and revolutionary movement being indicted with some five charge of so-called "conspiracy to incite a riot" we see clearly that this must be stopped.

When we see Panthers in New Jersey such as Jimmy York being attacked and arrested by the pigs in that state, then we see clearly that this must be stopped. When we see people anywhere in this country

about Huey's freedom and one-man energy, about how you always know Huey was coming by the speed of his footstep. He could go from trip to trip at top speed and with a few words telling the brothers along.

For Huey goes back in Huey reading 'Soul on Ice' and writing a four-page letter of appreciation to the nation. He wrote and they took him blowing each other's minds. Each is the other man's bible of revolutionary language.

I remember the night I woke up at my door with a door Huey, papers. This was the night they came all the papers and I put one up on the wall and tried to give them away to my friends. Their reaction was almost universal: derision. They made fun of the Panthers using government and military rifles and quipped that Huey was probably masturbating with his gun.

Six months later all these guys were wearing "Free Huey" buttons and marching outside the courthouse. It would be the height of petty cruelty, to remind them of their earlier derision. Huey Newton has changed more heads than the prison walls will ever allow to imagine.

Huey P. Newton's greatness is that he took the best thoughts of the greatest minds the century has known and summed it up in a few books, a shot gun and a ten-point program. He lived what there is to know with what is to be done.

This is why the ruling Masters of Money are so freaked with the thought that Huey might be set free on May Day. They know their power is based on the ignorant darkness their overtone factories produce and TV handles as happiness. They know Huey is a generator, the potent light of freedom our generation has produced.

We have worn buttons and marched on picket lines — now we have a real chance of freeing Huey. We must be outside the Federal Building, twenty thousand strong, on May First.

May Day has always been the day on which the revolutionary people of the world celebrated their struggle for freedom. On this May Day a struggle will be fought to free the greatest living American Revolutionary, Huey P. Newton. We can help win this victory simply by standing outside the Federal Building and being Judge Karpis know what power to the people really means.

being arrested, attacked, brutalized, murdered or made political prisoners; then I know we the people see clearly that we must go forth as a united front and STOP this destructive activity on the part of the ruling class pigs' attempt to wipe out the people's revolutionary movement. We HAVE to stop them from trying to wipe out the Black Panther Party.

It's quite clear lately, not only to the Black Panther Party, but to most of the people, that the Black Panther Party and its leadership is under direct attack by the Nixon-Hoekster-Albino-Invasion power structure. With all the technology including the CIA, FBI, local police forces, national guard, with all the ruling class attempts to destroy the people, let alone their attempts to destroy the Black Panther Party, the party members still say loud and clear just as Huey P. Newton says "THE PEOPLE IS GREATER THAN THE MAST TECHNOLOGY".

It's quite clear lately, not only to the Black Panther Party, but to most of the people, that the Black Panther Party and its leadership is under direct attack by the Nixon-Hoekster-Albino-Invasion power structure. With all the technology including the CIA, FBI, local police forces, national guard, with all the ruling class attempts to destroy the people, let alone their attempts to destroy the Black Panther Party, the party members still say loud and clear just as Huey P. Newton says "THE PEOPLE IS GREATER THAN THE MAST TECHNOLOGY".

FREE THE N.Y. PANTHER 21!

If there is any talk at all about conspiracy in connection with the case of 21 members of the Black Panther Party, that talk should be centered around DA Frank Hogan's and the New York City power structure's conspiracy to frame the Panthers.

Certain police must be brought to light before the people of New York and the world.

1) The Black Panther Party, since its inception, has been fighting to the interests of black people for food, clothing, housing, work, justice, and peace -- all the rights which have been denied blacks on this continent for over 240 years. In fighting to defend black people, and for their freedom, the Black Panther Party understands that the enemy is not the great

mass of white people, but rather, the small group of men who control the economic and political power in this country. PANTHERS ARE REVOLUTIONARIES, NOT THIR-ROCKETS -- they would not attack common people, those who shop in Alexander's and Bloomingdale's or visit the Bronx Botanical Gardens. That fabrication could only come from the Police Dept. and the District Attorney's office in an attempt to slander the Black Panther Party and generate white racism.

2) In recent months, it has become obvious to every New Yorker that our schools are deteriorating, that our public hospitals are shantytowns, that unemployment is on the rise, while welfare payments are going down and

there are going up. The City University may not open in the fall, while the high schools and junior highs are being terrorized by armed cops to keep them open. All in all, the city is in crisis, and John Lindsay and those behind him want to blame the crisis on the Panthers. Black leaders would work very well to keep both blacks and whites fighting each other, while keeping them blind to who is really responsible for their problems.

3) U.A. Frank Hogan and the newspapers have entered into a conspiracy to convict Panthers before trial. In the last week, the people of New York have seen headlines like "CO-OPS: CHA HILL'S PANTHERS FROWN" and "BLACK PANTHER LINK TO STOLEN YOUTH FUNDS" -- all

allegations without even one shred of evidence. Who are the real conspirators -- the Panthers or Hogan and his powerful friends?

4) All over the country, dozens of Panthers are in jail. 15 HAVE BEEN MURDERED BY THE POLICE. Almost all Panther leaders are in prison, under indictment, or have fled, all as a result of trumped-up charges. The 21 arrested in New York are being held on \$100,000 bail (prison) each, which effectively keeps them from working in their communities to serve their people. IF THERE IS ANY CONSPIRACY AT ALL, THERE IS A NATION-WIDE CONSPIRACY TO SMASH THE BLACK PANTHER PARTY.

Students for a Democratic Society is an organization of young

people who are committed to revolution benefiting all the working people of the world. We support 100% the fight of the black colony in this country for freedom and basic human rights. Without the victory of the black people, none of us can ever achieve freedom. We recognize that the Black Panther Party, with its program of self-defense of the black people under attack, is leading the black nation within the United States.

We support the 21 Panthers now being framed and will do everything in our power to build a mass defense for these victims of DA Frank Hogan's conspiracy.

SDS also calls on all groups and individuals who are committed to human rights and freedom to join with us in raising the demand

PIGS VAMP ON S.F. PANTHER OFFICE

MILITARY PIGS

The Panthers had been working very hard notifying the Black community and had received a general about the rally to be held May 1st to free Huey.

John Hirsch was arrested twice last week, once for putting up a poster on a telephone pole about the rally, and the other time at Everett Junior High School. He was attempting to enter the school to talk to an instructor there that wanted a Panther to come and speak but the principal called him a nigger and no him.

Today, April 28th the first incident took place at approximately 2:30 p.m. The pigs ramped on one of the sound trucks, used to inform the community of the rally. The second attack came at approximately 3:00 p.m. at the Panther Office in itself. Cleveland Brooks, the Officer of the Day was announcing over the speaker at the office about the May 1st rally. He saw pigs converging on the office from both directions with M-16's, Thompson submachine guns and .30 caliber carbines. He immediately came into the office and I gave the order to lock the door. Everyone in the office took refuge in the back of the office to have protection. If the pigs started shooting. As I was walking towards the back of the office, I heard the sounds of the door being kicked in. I heard a pig say "stop. If you move you're a dead nigger". I looked over my shoulder and saw three pigs standing in the doorway with M-16's. I kept walking and ducked around the wall in the rear of the office, and took cover.

There were 11 people in the office at that time, including students. I hid behind a desk and told them to call National Headquarters. At this point the pigs had taken up positions behind desks, and ordered us to come from the office with our hands up. We don't have orders from pigs, so we ignored them. At this point contact was made with Black comrades. At the same time, the first tear gas canister was fired into the office. Then they began to fire their automatic weapons and more tear gas canisters.

The first gas canisters were landing and exploding in the rear of the office, amongst the food that we had collected for our breakfast for Children's program. The food was ruined and had to be thrown away. At Headquarters they heard the firing and were told about the tear gas and they issued orders to remove our clothes and leave the building. At this point we called through a rear door into an empty hallway. Everyone was very sick from the gas called CS (whatever that is) very potent. At this point they leveled their M-16's at us and said "get up with the brothers who had been against the building and put your hands up". Barbara Bailey who was very sick from the gas asked for and three more brothers from the assistance. I went to her aid and other sound trucks were brought in, held her up, so she wouldn't fall, making a total of 16 Panthers in all. She placed her hands on the wall, that were arrested.

I continued to hold her. At this point, some pig called "big red" said "alright, I said get your hands up against the wall". At this point, I turned toward him and said "the understood was holding in that sister is sick and I'm trying to hold which was telling people to come to her up". before I could finish he the rally to see about Huey. At the started firing at my head. I felt like when I was fingerpainted, a something go through my natural and Mexican immigrant pig named immediately all the ground, because Gomez said the support charge came I saw he wasn't firing over my head was really nothing they only wanted and was trying to kill me. After that my fingertips. There was one sister arrested and hundreds of Black people began to released who was not a Panther, assemble in the area. The pigs her name was Lynn Daniels. The pointed their weapons at the crowd and began firing the Thompson sub machine guns over the people's heads. We began to shout May Day Barbara Bailey FREE HUEY, May Day FREE HUEY. People in the crowd began to shout at the pigs who were crying and in general showing their dislike for the actions on the part of the pigs. At this point, the pigs were trying to break down the gate by backing the jockey wagon in, and they could not go away. They were unsuccessful. One pig trying to stay aggressive, tried to break the lock off with his Thompson submachine gun. He was unsuccessful. Another pig said "let's take them back through the office and out the front". Another pig said "oh no, we can't go through there, there's CS in there". They go "go to the back over the fence out the back. We continued to sing and chant about May Day and FREE HUEY as they lifted us over the fence and placed us in the jockey wagon.

And they took us away. Everyone was released without charge within thirty minutes, later with the exception of Cleveland Brooks, the Officer of the Day who was charged with speaking over a loud speaker, and I was charged with suspicion of assault on a police officer.

At the prison we were put in a cell with the brothers who had been against the building and put your hands up. The brothers in the sound trucks were charged with a variety of charges, the only one we really understood was holding in that sister is sick and I'm trying to hold which was telling people to come to her up". before I could finish he the rally to see about Huey. I am a 25 year old Black G.I. serving in the U.S. Air Force. I am stationed at Ft. Belvoir, Al. Force Base, New York, about 64 miles from Montreal, Canada. Being an active follower of the Black Panther Party struggle from 1960 until present times, I would like to bring to your attention the plight of the pig to rid us Black G.I.'s from this station. When some Black G.I.'s of this base heard about this, we immediately organized a Black council so that we might help other Black G.I.'s in similar situations and also to acquire outside help in the future. Well, longer than this, a week later a pig saw this in the KKK on a Black G.I.'s desk. Therefore, members of our organization and myself went in work to bring disciplinary action against this pig. We created a pig and even took pictures of the door at the entrance of the station did not come out. I would also like to mention at this time that the pig admitted writing KKK on the door. The military did everything to protect this racist work, even went as far as to sink, he did not do it. This same pig and some of his friends started a racial disturbance with the same Black G.I. again last time in the mess hall. Well, we decided to say, he offered the pig and his friends the time the military finished with it, the Black G.I. would write the sky was if you were not Black, it could not have happened. Our organization worked vigorously and finally to have our beautiful brother from Minneapolis. This was when the military found out about our organization and our pigs to help a fellow brother. They immediately sent the pig to Germany safe from us. Then they turned around and gave the brother a court martial and being discharged on station. He was fined \$100 and given a bad, this is appealing the verdict at this time.

We feel that we have a crack down on our organization. Therefore, we are moving here many more in the future.

THERE HAS BEEN AND ALWAYS WILL BE BLACK PANTHERS

"I have lived, if not smiling and crying, I will suffer the government, in order to make the voice of the left and to secure generally the welfare state and particularly the Negro People, growth from our judicial heritage to another."

The same statement was made in mid-December, 1961.

The author of the quote was a Black man, William L. Patterson, born in San Francisco, August 27, 1901. On his 67th birthday the crack, warrior, strategist and organizer of the Black liberation and working class movements said:

"I view the future with great confidence and am glad to be at the battle front." His confidence came from a conspiracy to violate the rights of Negroes by every branch of the government. I have heard the registered cries of the oppressed in colored lands. But the continuation of this policy by the white ruling classes doomed by

their interests to have, strike similar forms. People will pay and to their own exploitation."

The Black-enslaved in Congress and the white class monopolized their campaign, of "assimilation and assimilation", to do "the", for he is still effectively known to thousands of people, he.

He attended public schools in California. As he grew into manhood he worked in the kitchen of Southern Pacific Dining cars, and worked as cook in hotels running up and down the Pacific Coast. He saved enough money to enter the University of California. He earned additional money working in Patterson and in other hard jobs.

"The" was suspended from the University of California for his opposition to military training. He was arrested in 1937 for openly countering that "Negroes had nothing to gain from this war." When he was 20 and worked as longshoreman, meeting Fred Lutham, worked his way to London

Black Panthers warn 'racist PIGS

PIGS MOVE ON SEATTLE PARTY

On the night of April 11, the Black Panther Party was giving a party which had been well advertised in the community. The party was a fund raising party, for the purpose of having the phones turned back on. Our bill being over \$375 showed us that the pigs had been messing with our phones. So in order to have the phones turned back on we needed some emergency funds. The party was scheduled to start at 8:00 but at one time about later on in the night. About 10:00 eight pig cars (4 married and 4 unmarried) ALONG WITH TOW TRUCKS AND WAGON, PULLED UP TO THE ADDRESS WHERE THE PARTY WAS BEING HELD. The pigs trucked on the door and asked for Elmer Dixon (Deputy asked for Elmer Dixon (Deputy Field Marshal) who was not there

at the time. They said that they had received a complaint about a noisy party, and a lot of cars blocking traffic. But to their surprise, there were only three people in the apartment at the time. The pigs were so surprised, they looked like someone had rained sticks up their butts. Also, the neighbors were outside at this time wondering what all the racket was about. It was apparent that there were no complaints made, because all the neighbors were just as surprised as everyone else having found no people to arrest, and crying because their plan to bust me (Elmer Dixon) didn't work. I laughed and said "Go back to shovelling your crap, you dumb pigs! Panther power to the Vanguard

The Black Panther Party of Illinois has warned "racist policemen" to end alleged acts of brutality in ghetto areas or face the wrath of the black community.

Fred Hampton, the party's deputy chairman, timed the statement Thursday after charging that police had ransacked the headquarters of the Black Disciples youth gang in Thursday and Wednesday nights.

Hampton said Englewood District policemen were harassing the Black Disciples "because they are no longer a street gang and because they have a conflict with the Black Panther Party."

BLACK DISCIPLES member Robert Allen, 20, of 3014 S. Justice, accused police of beating him and another member of the group while searching their headquarters at 444 W. 6th St. The officers were investigating a report that police in a squad car had been fired upon.

Hampton said at a press conference in Panther headquarters, 2301 W. Madison, that police have a national conspiracy to eliminate the Black Panthers "because we are revolutionaries, and because we serve and protect the people."

He warned that "racist policemen must withdraw immediately from the Black community and cease their wanton murder and brutality, or face the wrath of an armed people."

He warned that "racist policemen must withdraw immediately from the Black community and cease their wanton murder and brutality, or face the wrath of an armed people."

HAMPTON said a community police patrol will be created to "protect black people from the pigs" (police). But the patrol, he said, will not be set up until after the Black Panthers have established five health clinics in Chicago.

"We have a system of priorities," Hampton said. "We have already set up our free breakfast for children program. The health project will be next, and then we will get in the community police patrol."

The Panther leader said his organization had more than

1,100 hungry youngsters last week at Better Boys Foundation, 1013 S. Pulaski. Some 1,100 children were fed through Wednesday of this week at a new South Side free breakfast center, 506 E. 35th St.

A North Side breakfast center is to be opened Monday at 1400 N. Cleveland, Hampton said.

MEANWHILE, three Black Panthers were indicted by a federal grand jury Thursday on charges of illegally trying to buy firearms from a federal agent posing as an illicit gun dealer.

U.S. District Judge Joseph Sam Perry raised bond from \$75,000 to \$100,000 Thursday on one of the three, Michael White, 22, of 7501 W. 64th St., Argo.

Jonathan Junior, 22, of 7501 W. 64th St., Argo, and Merrill D. Harvey, 22, of 7415 W. 64th St., Argo, both received a reduction of their \$75,000 bonds to \$5,000 recognizance bonds.

RANGERS TURN CAPITALIST

(PERRY) — The Black Panther Rangers have announced their involvement in 2 business ventures this week. In connection with the Concerned Veterans of Vietnam, the Rangers have formed a group called the Black Alliance. The first activity of the group was the signing and hand-distributing of buildings defaced by writing. The Black Alliance then announced they were setting up a business whose profits would be split 50-50 between the Rangers and the vets. The business will be the sale of sweat-shirts, caps, posters, post cards, and Christmas cards emphasizing "Black is beautiful." The merchandise will be available at the Black P. Store, 1011 Center at 1400 E. 37 and the vets' office at 4425 N. State. The Rangers will use their arms power to support the vets' center. The vets announced they will work to establish social and cultural youth centers to black communities and major cities throughout the country.

Their joint venture with the Youth Development Corporation in the opening of a 150 seats restaurant with at 314 W. Madison Blvd. on April 1. The Corporation has sent invitations to the opening to include "an appreciation of your invitation to the inaugural ball and deep interest in BLACK CAPITALISM." Sen. Percy, Mayor Daley, Sen. of Public Conflik, head of the Gang Intelligence Unit Capt. McNamara, Add. Fred Hubbard and Edward Barker Jr.

The new unit is focused on an organized battle (1) to take the city and to take to the streets for community development. The corporation is setting it down the development theme. The Youth Development Corporation got started with a \$4,000 loan and a \$1,000 donation. It consists of 7 Rangers, 2 businessmen, 1 activist, and 1 youth worker. The new company will be a partnership and a small manufacturing or assembly firm capable of employing 50 to 100 youths.

BOYCOTT STANDARD OIL

RICHMOND, Calif. -- Students and workers in the San Francisco Bay Area have launched a nationwide boycott of Chevron Chemicals and other products of Standard Oil of California.

Members of Local 1-501 of the OIL, Chemical and Atomic Workers Union, are struggling against the powerful oil company for the rights of the union members in California -- to retain the only union shop in the Standard empire.

The company threatens to bring in scabs to replace striking workers, so the union men have refused to work while there is hope that a strong consumer boycott will put the squeeze on the company.

The strike and boycott are particularly significant because of the collaboration between students and

workers which developed on the picket lines. This comradeship between workers and radical students -- a type of high action in the struggles of San Francisco State and Berkeley -- has been particularly alarming for California's ruling class.

At its recent National Council meeting in Austin, Texas, SDS gave full organizational support for the boycott.

Further information on the boycott, including bumper stickers, may be obtained from the Solidarity Committee, P.O. Box 1282, Richmond, Calif. Phone: 415-237-7291.

SURPRISE ATTACK

—A Short Account of a ZANLA* Guerrilla

After four days of walking and crawling through dense bush without seeing any sign of the enemy, we decided to camp on the porch of a thickly wooded hill just above the Zambesi River. It was getting dark and we were all feeling thoroughly exhausted. We had walked through swamps, across streams, up and down several hills. Two comrades stood guard and one comrade started roasting the steak of a kudu we had just shot, the best of us in full combat gear and camouflage, took a well-deserved rest. We had hardly slept for two nights when we were awakened by the scream of a low flying Canberra jet-bomber of the Rhodesian Air Force. We were reasonably satisfied that our position had not been spotted because the plane did not return and the thick bush and tall grass provided first class cover. Heavy rains of the previous night had destroyed our trail. We had already taken maximum care to conceal it. However, we took no chances and immediately took cover behind boulders and fallen tree stumps. Our advance unit, a few miles ahead of us, radioed that it had spotted a small base camp of Rhodesian soldiers. The camp consisted of three tent houses, four trucks, one troop carrier, and one camouflaged armoured car. We were kept informed of the activities in and around that camp all night and the following day.

Our plan was not to engage the enemy until we had reached our destination, a village twenty miles from where we were. We were all brimming for battle and the conditions were more than favourable. Late that afternoon we held a meeting

at which a decision to attack that camp was taken. After the attack we were to make a diversionary retreat, and quickly make for our destination.

At about 8.00 p.m. we set out for the camp. We reached the vicinity of the camp at 10.30 p.m. By 11.00 p.m. we had deployed. We were within forty yards of the tent houses. The enemy had posted no sentries round the camp. About a dozen half-naked white men, most of them very young, sat round a fire drinking beer, smoking and laughing loudly. For some of our comrades it would be their first taste of battle. A grenade fell into the fire. It went off throwing shrapnel and ashes in all directions. It was followed by a burst of machine gun and automatic rifle fire and more grenades. Our commander cried out "Bayo!" We charged with bayonets fixed to finish up the wounded and the dying. We took guns and ammunition. We set the tents on fire and two Land-Rovers. We suffered no casualties while enemy casualties were in excess of twenty.

A day later we heard the following announcement over Radio Rhodesia: "Our security forces have captured more terrorists who offered no resistance. Security forces suffered no casualties. The commander of the invading gang has been captured and is being pursued."

We all had a good laugh at such stupid deceptive propaganda of the enemy. The laughter rang in the air while our guerrilla fighters, full of confidence in victory, set out for new battles.

The enemy advances, we retreat; the enemy camps, we burn; the enemy fires, we attack; the enemy retreats, we pursue.

EDUCATION CONTINUES IN N. VIETNAM DESPITE WAR

In the conditions of the war of destruction waged by the U.S. imperialists, North Viet Nam education has not ceased to develop. At present there are more than 130,000 general education schools all over North Viet Nam. Every village now has its own general education schools of first degree, many villages have their general education schools of second degree and every district has at least a general education school of third degree.

The number of school students has more than doubled including children, women and peasants following compulsory education courses. The number at university and middle-level schools

national school students has tripled as compared with the period before the U.S. war of destruction. More than 30 universities and 700 middle-level vocational schools have closely cooperated with various branches and localities in order to promote the training of cadres those who may leave their work to follow a course or may study while at work.

Despite many frenzied bombing attacks against North Viet Nam, the U.S. imperialists have seriously suffered tremendous failures on military and political fronts and they have also failed in their maneuver of halting our education work and training of cadres.

Now the vanguard position of any political struggle, is not something that's bestowed by the heavens, or snatched up by some lucky opportunist. The vanguard position is objectively earned through struggle and usually organizations or people who earned the vanguard position, only start out about it when they realize that they're waiting on the stage in the jail and the courts. The jailhouse doors are getting ready from slamming and opening and slamming and opening. There won't be any alternative for the southern people in becoming a strong militant revolutionary political force. The students came from the white, the workers came from the blacks, the blacks came from white jobs, white jobs came from black jobs. The Black Panther Party has a very clear understanding of these aspects. And we

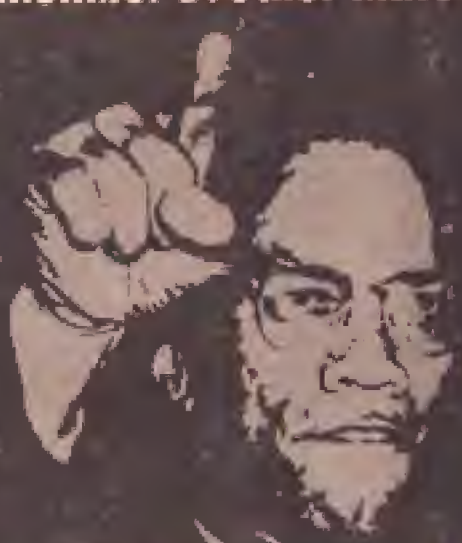

positions and close communication with their class brothers, regardless of color, regardless of whether you're for or against intermarriage, whether you want to live in Beverly Hills or Watts or Oakland or Washington, D.C. It doesn't make any difference. The need is for a constant maintenance of a current class line. And there's another aspect that precludes this lip-service and then they take it as far as their local community. Say Los Angeles, or the San Francisco area. Then there's some question that class is too workers union, forget one of the basic Marxist-Leninist principles, which Lenin said was, is that the interest of the local proletariat should be subordinate to the interest of the world proletariat. That's the advent of unionism there, they start selling out their working class brothers all around the world, even on the other side of the globe. The Black Panther Party is against this kind of opportunism, opportunism, individualism, this very subjective approach to a problem that is in reality a world-wide problem. The workers that catch a collective tail and try to deal with it in an individual manner, we see them as backward, non-social, and very backwards politically. So when we talk about solidarity that does not negate the need for a very close working relations with class brothers, because the main problem in the United States is not the race contradiction, but the class contradictions. It's made that way by the racial faulting that the working class gets in this country. This is not the socialist right as any ethnic group in this country, this nation does not sit at such a high level in this country that the people have to deal first of all with a level that goes from day to day, eating in from a lower to a higher level. There's no need.

Another thing that has to be understood is that if we get away from unilateralism, that the working class knows the group that professes to be for the worker is going to have to have a very concrete and practical platform and program. And I would say that the Black Panther Party set that the Black Panther Party's 10-point Platform and Program exemplifies the type of program that a revolutionary group needs. We're not going to confine ourselves just to the factory and disown the factory from the community, that's a institutional approach, and that's a serious decay. I think we'll have a question and answer period later on, so I won't try to take up too much of your time. Thank you.

A Basic Contradiction in Affluent America:

Hunger in the Land of Plenty

CHICAGO YOUNGSTERS joke with photographer as they enjoy 7 a.m. breakfast provided by the Illinois Black Panther Party in its breakfast for schoolchildren program which is being pushed in ghettos across the country.

By Skip Baszette

(Black Press International)

All across the nation, police have a 24-hour alert on for the Black Panthers. This alert has resulted in numerous attacks on the Panthers, the cold-blooded murder of some and the jailing of others—including Black Panther Party leader Huey P. Newton, currently being held in a California prison.

HOWEVER, frequent attacks on them in California, New York and other cities where Panther chapters have formed have failed to stop the young men and women who make up this new breed Black rights group from working to bring a better life to their people.

While police and establishment newspapers try to characterize the Panthers as "Black anarchists," the party is working hard to promote programs which are designed to help the "people of America" to take charge of their own destiny and free themselves from the blood-thirsty grip of the world capitalists.

"Power to the people" is a Black Panther byword. It suggests that corrupt politicians, crooked police and industrialists should be dethroned at the point of power. The people say the Panthers, mean to the masters of the world.

EVEN AS PANTHER leaders travel the country and other parts of the world, offering their help in organizing the inevitable struggle for government in the interest of people, their local chapters are busy building programs which seek to solve problems created by the corrupt establishment government of the United States.

It is no secret that the United States government could wipe out poverty in America if it wanted to do so. It is also no secret that the same government does little or even attempts to ease the problem. Instead, little children are left to go hungry when the Congressmen divide up the spoils of the "inner defense" program and vote themselves pay raises.

The Panthers, unable to stop the Congressmen, have initiated a program which hopes to at least feed some of the hungry children—on that their aching bellies might be eased enough to allow them to get through a school day without being torn by the pains of hunger.

ALTHOUGH THE Black Panther breakfast for children plan is operating in many American cities, efforts on the South and West Sides of Chicago illustrate the thrust of the program. There, most of the work is car-

ried out by high school and college students who rise with the dawn and go to feed their hungry little brothers and sisters before continuing on to classes.

A driving rain greeted us when we left for Chicago's West Side Better Boy's Foundation, 1317 S. Pulaski. The cold rain beat bitterly against the windows showing rows of tables with scores of elementary school children snarled hungrily around them.

Inside, Chicago chapter Deputy Minister of Labor Yvonne King—a lovely young woman who wore a purposeful look—explained that "the children are fed hot meals—bread, eggs, milk, beef hash, oatmeal, grits and fruits." It was obvious that the children approved.

"THE PROGRAM was created in Black Panther Party headquarters in Berkeley, California," Miss King continued. "It was realized that there are many oppressed children going to school hungry throughout the country. This program was clearly one of the needs of the people and the Black Panther Party is here to serve the people's needs."

As she spoke, more children came in through the door—shaking rain off themselves and finding space at the tables where other Panther Party members were serving them. Despite the number of children present, the room was quiet except for good-natured joking between the Panther members and the children who seemed to regard them as some kind of benevolent big brothers.

"Hunger among schoolchildren illustrates one of the basic contradictions in American society," Miss King pointed out. "America is one of the richest nations in the world, able to send countless numbers of rockets into space at the drop of a dollar, yet people are starving."

"WE ARE SHOWING the people that their children can be fed free."

Miss King estimated that the breakfast for schoolchildren program was currently feeding about 500 youngsters who otherwise might go to school with growling raptures in their bellies. She said the program at the Better Boy's Foundation took care of about \$75 per day while a program on the South Side, 500 E. 37th Street, took care of another 250 to 300 on Mondays, Wednesdays and Fridays.

"Funds come from various organizations and individuals; food from donations by grocery store owners, milk companies and so forth," the appealing Deputy Minister of Labor explained,

programs, we are trying to involve the community to the point where local people can take over. Our efforts are a people thing. They are for the people. The program is meant to be run by the people."

Despite obvious police determination to wipe the Black Panther Party off the American map, the party is gaining new members every day—on the streets of the ghetto and in colleges across the

land. Its ranks are becoming national heroes—for whites and Blacks alike—despite news media attempts to picture the Panthers as gunners and terrorists.

"IF WE COULD only get a dollar per week from each person who is concerned about the welfare of our beautiful Black children," another Panther spoke out, "our problem wouldn't be so big."

"In this program," Miss King went on, "25 in most of our

need. Its leaders are becoming national heroes—for whites and Blacks alike—despite news media attempts to picture the Panthers as gunners and terrorists.

The basic philosophy behind the Black Panther Party may frustrate every establishment attempt to destroy its members. "Power to the people!" the young men and women said as we left. "Power to the people!" we replied.

ROUGH AND TUMBLE-appearing young boys can be hungry in the morning, too. At Chicago Better Boy's Foundation, Black Panther breakfast program draws many who have

come to look on the Panthers as a new kind of big brother organization—one that cares about little Black brothers in the slums.

Black Revolutionary Poetry

"HELL YES I'M ANGRY"

Could that "angry black cry"
I hear
Mean that
my children
In the future stages
to hear?

Or
Is that just another whining down
With its tremble shaken head
Nodding to lay bare the souls
of black men
And strike no death?

When
Did you last look upon yourselves
and smiled . . .
Glad at what your eyes would
knowing
That pound for pound
blackness
Is a virtue
as only black deeds are count . . .

"Yes, I'm angry
For I carry the memory of years
My mother shed
My heart is heavy
Breathing hatred for white
America
As they too
Could the many times
My heart would smile . . .

So
Name me your families
Whither's disrespect
If you must
But remember . . .
Defiant I let you destroy the total
black
For black freedom . . .
I'll personally
Put you to death . . .

And to think
While America has the audacity
to ask . . .
"Am I angry?"

Hell Yes,
"I'm angry."

THE SMELL OF PIG

What should we get rid of?

what do I smell -- pigs --

what should we get rid of --

Black Panther National Anthem

Yes - He turned and he walked
Past the eyes of my life.
And, he nodded and sang without sound,
And his face had the look
Of a man who knew strife
And a feeling familiarly came around.
REFRAIN:

I said,
Man, where have you been for all these years
Man, where were you when I sought you
Man, do you know me as I know you
Man, am I coming through

And, he spoke in a voice
That was centuries old,
And, he smiled in a way that was strange,
And, his full lips of night
Spoke about our people's plight
And a feeling familiarly came around.
REFRAIN:

And, we sat and we talked
About freedom and things,
And, he told me about what he dreamed,
But I knew of that dream
Long before he had spoke
And a feeling familiarly came around

October 1966 Black Panther Party Platform and Program

What We Want What We Believe

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

FREE HUEY

Minister of Defense, Black Panther Party

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the white man of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our Black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.

SOUL ON ICE?

"IT IS ONLY A MATTER OF TIME UNTIL THE QUESTION OF THE PRISONER'S DEBT TO SOCIETY VERSUS SOCIETY'S DEBT TO THE

PRISONER IS INJECTED FORCEFULLY INTO NATIONAL AND STATE POLITICS, INTO THE CIVIL AND HUMAN RIGHTS STRUGGLE, AND INTO THE CONSCIOUSNESS OF THE BODY POLITIC. IT IS AN EXPLOSIVE ISSUE WHICH GOES TO THE VERY ROOT OF AMERICA'S SYSTEM OF JUSTICE, THE STRUCTURE OF CRIMINAL LAW, THE PREVAILING BELIEFS AND ATTITUDES TOWARD A CONVICTED FELON." (SOUL ON ICE, P.59)

Eldridge Cleaver made the decision to politically exile himself November 27th, on the basis that the Adult Authority made an outlaw decision, and that he has been denied his constitutional right to due process of law.

The revocation of Cleaver's parole was illegal, because no parole violation was committed.

The Adult Authority parole board has tried to maintain that Cleaver violated his parole by having a rifle in his possession, and by associating with individuals of bad reputation. This contention, we will show, is false. The Adult Authority version contradicts the Superior Court order itself.

"... Cleaver's only handling of a firearm (the rifle) was in obedience to a police command. He did not handle a hand gun at all. There was nothing one way or the other to show a conspiracy or a situation calling for the application of the doctrine of aiding and abetting. Hence, nothing supported either the possession of a firearm or the assault charge.

As to the charge of association with individuals of bad reputation, the report indicated that two or three of those named had "police records," but nothing to show whether any had been convicted of anything, or whether Cleaver knew of their arrest record." (Superior Court v. 1, 137, 138, 140, 141.)

Parolee Cleaver was denied due process of law by being denied opportunity to present his case.

Why was Cleaver returned to prison as a parole violator if documented evidence to the contrary had been presented in his defense? To answer that question, one must examine the Adult Authority. This board has the right to arbitrarily revoke or suspend parole on any individual. At the same time, the Adult Authority maintains—falsely—that Cleaver has the opportunity to defend himself at a hearing. This is how it works:

"A parolee is advised with violation charges, is interviewed, is given a hearing (before the Adult Authority itself, the charging party) at which the parolee may 'plead' to the parole violation charges, and is afforded an opportunity to present his defense."

"At the 'hearing' a parolee is denied the right to counsel, may not have an independent and impartial officer to conduct the hearing and make decision." (Petition for Hearing in the Supreme Court, p. 17)

Not only does the Adult Authority hold secret hearings, but it also refuses to notify persons under its jurisdiction of its procedures, or of its variable definitions of what constitutes a parole violation. This secrecy and vagueness is in direct violation of federal law which requires agencies to publish their procedures "for guidance of the public."

"Petitioner (Cleaver) is immediately and seriously prejudiced by the Adult Authority's unlawful refusal to publish its regulations, since he is to be imprisoned by virtue of an action which the Adult Authority still seeks to gain in this 'veil of secrecy.'" (Petition for Hearing in the Supreme Court, p. 12)

Yes, the Adult Authority acted unjustly and illegally. Its decision was an outlaw decision. Cleaver had no chance of obtaining "justice" from those Star Chamber proceedings. Why then wouldn't the U.S. Supreme Court hear Cleaver's case? There are, we believe, three reasons why the case wasn't accepted. The first is that any fair minded court would obviously have released Cleaver, thereby setting a precedent. The second is that thousands of cases of alleged parole violation from all over California and other states would be subject to reversal. Thirdly, the illegal functioning of the Adult Authority would come under attack. The U.S. Supreme Court just couldn't afford to consider the Cleaver case during this turbulent period.

Eldridge Cleaver is a victim of radical, shameless political persecution. As Judge Sherman puts it:

"The uncontradicted evidence presented to this court indicated that the petitioner had been a model parolee. The pool to his parole status stemmed from no failure of personal rehabilitation, but from his undue eloquence in pursuing political goals, goals which were offensive to many of

his contemporaries. Not only was there absence of cause for the cancellation of parole, it was the product of a type of pressure unbecoming, in any the least, to the law enforcement paraphernalia of this state."

Cleaver is in political exile because a man of his convictions cannot get justice here. Indeed, if we are to give more than lip service to the concepts of freedom and justice we must support him. The work to get him discharged from parole must continue. An intense publicity campaign is necessary now to bring to the public the legal defense and arguments which were carried to the courts with no satisfaction. We must all work together to focus attention of this case. This is not an issue of one man's freedom, but a broad struggle which affirms the right of all of us to speak out politically in this country. If Cleaver is not allowed his freedom, it is just a matter of time until all our freedoms are further reduced. His is not a personal struggle but a political one.

**BREAKFAST FOR
SCHOOL CHILDREN**

OAKLAND, California -- The National Activities Cabinet to the Black Panther Party is working with and for St. Augustine Episcopal Church's program, breakfast for the morning for Oakland's school children in the Black community.

All children in grade one through and growing young adults in Junior High Schools can receive from FIVE AM ACKNUTS to the morning's school day. In the school, the first of these breakfasts will come on that school's first day at St. Augustine Church, 2100 East 12th, and the Black Community Center, at 19th and Grove streets, EVERY MONDAY, WEDNESDAY.

The National Activities Cabinet and church members are calling on all mothers and others who want to work with this revolutionary program of making sure that our young have full stomachs before school starts. The schools and the Board of Education should have had this program instituted a long time ago. How can our children learn anything when most of their stomachs are empty? Black people in the Black Community centers, welfare recipients, grandmothers, grandfathers, and adults who are trying to raise children in the Black community where parents' incomes are so low are asked to help in work and support this program, and food, milk, eggs, fruit, and meat for the students is where it's at when it comes to preparing our children for education. LET'S DO IT NOW. Support this community program.

Those who want to volunteer their work every morning or extra after morning can come to the BLACK PANTHER PARTY CENTRAL HEADQUARTERS at 2100 Market Ave., Berkeley or contact Father Sile at their residence 531-6581, 401-1014. Interested persons may also register their breakfast funds at 813-8211 or sign up with other community people and others for full stomachs and better education of Black children.

We urge all many mothers and other black citizens as possible to work with this COMMITTEE-BLACK PANTHER PROGRAM. We are also asking all businesses throughout the Black community to donate the necessary food and supplies to support the funds for our children. Call the Black Panther Office at 813-6101 or 813-6101. Everything of value donated to the Black Panther Party CHILDREN is tax deductible. Some of funds may be used at St. Augustine Episcopal Church. Just for us know, both Black and white communities and others, what you can donate in money, time, etc.

Thank you
